

Welcome aboard

We provide public transit services by subway/elevated rapid transit train service (the 'L' system) and bus service throughout Chicago and many neighboring communities.

This map and guide focuses on the Downtown Chicago area. It generally shows routes that run all day and/or in seasons where the city sees its most visitors. Many hotels and major attractions are highlighted.

For a complete system map that includes all year-round services, including rush-hour and commuter services, see our full Bus & 'L' train map.

All maps and service information are also available on our website at transitchicago.com.

Riding the 'L' (trains)

The 'L' system consists of eight train lines that cross the city with fast, frequent daily service. The system is centered on downtown and has more than 140 stations serving many neighborhoods across the city and both major airports, directly.

All services run daily (except Purple Line Express service between Howard and Downtown Chicago), generally early morning through late evening. Free transfer is available between all 'L' lines, marked with linked dots on maps:

At all stations, staff are on duty to help you. Customer Assistance/Help Point call buttons are located near turnstiles and on platforms.

Maps are posted in each railcar and station to help you plan your trip; timetables are also posted in stations. Stations have signs at entrances to tell you what lines are available and to guide you to your train.

Trains are marked on the front and sides with their destination, and train and transfer information is announced on board.

Where to find 'L' lines that run downtown

Some lines run via elevated tracks, some through subways:

- Red Line** State Street Subway
- Blue Line** Dearborn Street Subway
- Brown Line** Loop elevated
- Green Line** Loop elevated (along Wabash & Lake)
- Orange Line** Loop elevated
- Purple Line Exp** Loop elevated (see schedule)
- Pink Line** Loop elevated

Riding the bus

CTA buses stop at marked stops or stops with shelters throughout the city with blue and white bus stop signs.

Signs list the routes that stop there and a general description of where each route goes and the general times when buses run for each route listed on the sign.

When a bus approaches, be sure to check the sign on the front of the bus to verify it's the route you want and it's going to the correct destination (drivers can also help answer questions about whether they will reach your stop). To board, flag the bus down and pay as you enter in the front.

Paying fare

Fare on CTA buses and at 'L' stations is paid using our fare system, called Ventra. You can pay for yourself and up to 6 other people with any contactless credit card, cards loaded into Pay apps or a Ventra Card. Disposable Ventra Tickets are also available from vending machines in stations and select off-CTA locations like major regional rail (Metra, etc.) terminals. See Quick Fares for basic fare info.

Don't have a farecard or ticket?
Contactless payments accepted at the fare reader—use a bankcard or Pay app for regular per-ride fares!

Accessibility

All CTA buses are accessible to people with disabilities, and more than 100 (>70%) of 'L' stations are accessible and marked as such on route and system maps. More at: transitchicago.com/accessibility

Get live arrivals with our trackers

Using our Bus Tracker or Train Tracker can help take the wait out of your trip and get the most of your time in the city. Information is available on our mobile-friendly website, in transit apps (including our Ventra app), on request by text message and on digital signs at many stations and stops:
